Veteran sales and marketing executive joins LOGICARE® Corp.

Eau Claire, WI (Aug. 15, 2008) --LOGICARE Corporation, a leading provider of software and services for Emergency Departments and Patient Educators, announced the appointment of Don Zeppenfeld as the Vice President, Sales and Marketing.

"With over 26 years of healthcare software experience, Don possesses a thorough knowledge of the U.S. hospital market and the key issues facing the industry today," said Tom Thelen, president of LOGICARE. "Don joins LOGICARE as we prepare to release our much anticipated OnRecord EDIS clinical solution. Don's broad expertise and contacts will be a valuable asset to LOGICARE, its end-users, market partners and prospects. We welcome him to our growing team."

Don Zeppenfeld

Prior to joining LOGICARE, Don Zeppenfeld most recently served as Vice President, Sales and Business Development at Sonitor Technologies where he was responsible for establishing Sonitor's vendor reseller partnerships and was frequently a speaker at RFID Healthcare Industry events. Before his work at Sonitor, Don served as Vice President of Sales for the Newbold Corporation, an e-forms and patient identification company, where he oversaw the company's Addressograph Healthcare Division. Don also worked for six years at scheduling.com, a patient scheduling and revenue management software firm where he was a founder and Vice President, Sales and Marketing.

During his career, he has held sales management positions at HealthVision Corporation, a clinical software firm, and at the Atwork Corporation, a nurse and operating room scheduling company. Don Zeppenfeld is a graduate of the University of South Florida and has a Bachelor of Science Degree in Business Administration.
